Add that unique touch to your special day. Choose from either a traditional Maltese Karozzin for the bride or a Two or Four Horse open Carriage. All our carriages are brightly decorated with white flowers. We also supply carriages for the bride and groom parents. We do have a lot of experience in this type of business as we know how important this day means for you. We treat our horses with the utter most respect and can handle them in the most secure and safe order.

We also do Pre-Weddings. Please enquiry for further information.

Apart from weddings, we sometimes take part in Special Occasions in Malta and Gozo and abroad. We decorate our horses and carriages in medieval times and theme events for tourists. Click on "OUR GALLERY" to see more photos that we have taken during this time.
